ABOUT INTI

At INTI, our mission is to bridge the needs of tomorrow through the competencies our students gain today, empowering them to become the leaders, innovators and game changers of the future. We are committed towards ensuring our students gain the competencies needed for the workplace of the future, and to work alongside the digital transformations driving today's global businesses in the Fourth Industrial Revolution.

Through our innovative teaching and learning and extensive industry partnerships, we empower our students with the ability to work with smart machines, to process and analyse data for better decision-making, to learn about technologies that impact businesses and manufacturing processes, and to develop professional skills such as adaptability, working with multidisciplinary teams, problem-solving, and a thirst for lifelong learning.

By inspiring our students to explore their passions and discover their true potential through the right skills, tools and experiences, we continue to be a force of change in revolutionising education. Our commitment is to ensure exceptional graduate outcomes, and to transform our students into the dynamic leaders of the future — ones who will lead us in the Fourth Industrial Revolution, and beyond.

INNOVATIVE Teaching & Learning

INTI integrates an array of proven approaches to teaching combined with revolutionary applications of technology in the classroom such as the innovative Blackboard Learning Management System.

Blackboard

With Blackboard, learning does not only happen in the classroom, it happens everywhere. It's a holistic, integrated system to collaborate and interact with fellow students and lecturers. Students can offer and gain feedback from their peers on coursework and perform self-assessments while learning in a safe, nurturing and holistic environment.

GLOBAL RECOGNITION AND ACHIEVEMENT

Awarded to
INTI INTERNATIONAL UNIVERSITY & COLLEGES for:

- Professional Development (2020, 2019 & 2017) •

3D Studio Broadcasting System Using The Most Advanced Virtual Studio Technology

Video Management And Creation Tools

Interactivity Building Software Ranging From Games, Quizzes, Simulations, Presentations And More

Online Assessment Platform with Online Remote Proctoring

Software To Support Feedback Processes Including Course And Lecturers' Evaluations

INDUSTRY RELEVANCE

INTI has established a strong collaborative network with key leading companies in the industry and has been at the forefront of education innovation by offering an academic curriculum that is not only industry relevant but also immensely effective.

INDIVIDUAL Development

INTI endeavours to include practical experiences in every programme it offers. From practical workshops taught by local and international guest lecturers and industry practitioners who share the ins and outs of the working world, to hands-on practical projects initiated by potential employers.

THE MENTOR-MENTEE PROGRAMME

Expand your social circles and future horizons

New students at INTI are paired up with a senior student who acts as a role model and offers assistance in easing them into academic life. The mentor-mentee programme supports new students to form social bonds and helps them become a part of the close-knit INTI community. These social bonds provide a significant part of the support a student receives during their journey at INTI.

PARENT / TEACHER MEETINGS

Get valuable feedback and grow

To keep abreast of a student's academic progress at INTI, both students and lecturers have access to the Blackboard Academic Learning system which helps them track the areas for improvement. Parents and caregivers are also invited to meet with the student's lecturers and academic staff to discuss their academic performance and explore ways to enhance it.

LINKEDIN

Building your personal brand and your link to a world of opportunities

INTI has established a collaboration with LinkedIn that leverages its powerful connections, and offers training for students to create their personal brand and profile that elevates their opportunities for employability. Regular workshops are conducted to teach students how to create a compelling resume that will resonate with potential employers. With a complete, job-ready LinkedIn profile even before they graduate, INTI students have the perfect platform to build and enhance their personal brand.

LET'S TALK BUSINESS

With the advent of technology and social media, starting a business in this digital age has never been easier. You can swiftly establish your own start-up company with the right combination of smart business decisions, attractive marketing programmes and the acumen to identify the right business opportunities. At the INTI School of Business, you will be taught the know-how to build your own business, and gain the exposure you need to succeed.

CLOSE TIES TO INDUSTRY

To ensure our syllabus is relevant to the demands of today's challenging business environment, INTI collaborates with an Industry Advisory Board that consists of respected members of the business community. These leaders of good standing advise and contribute towards the design and development of INTI's curriculum. This constant feedback ensures that the gap between the needs of the industry and the expectations of graduates are minimised, and helps to create a robust, up-to-date syllabus which is aligned with the needs of today's business.

A key component to these outstanding student outcomes is INTI's hands-on approach to learning that exposes students to actual working conditions in the workplace through internship placements and employer projects with the world's leading companies.

ENHANCEMENT PROGRAMME

Students at INTI are given a holistic education that covers not only academic subjects but the skills, training and accreditation that enhance their academic learning, leadership skills, networking and personal development. This hands-on approach is achieved through a variety of activities, workshops and seminars that expose them to actual business scenarios.

Students following the appropriate courses in finance and accounting are guided in pursuing associate memberships with certified international accreditation bodies such as the ACCA, AIA, CPA, IPA, ICAA and ICAEW.

INTERNATIONAL PARTNERSHIPS

INTI has close partnerships with renowned universities in the US, UK and Australia - all of whom are internationally recognised for the quality and innovativeness of their business programmes.

The University of Hertfordshire Business School is listed in the Top 100 Most International Universities in The World¹. The Southern New Hampshire University is the only institution of higher learning to be ranked among the Top 50 Most Innovative Companies in The World. The Swinburne Business School is accredited by the Association to Advance Collegiate Schools of Business (AACSB) International, a globally-recognised hallmark that is given to only 5 per cent of the world's business schools while the Coventry University Business School was ranked No.7th in University for Accountancy & Finance².

FOUNDATION IN BUSINESS INFORMATION TECHNOLOGY

This programme is for students who want to pursue a Business or IT degree. In the first semester, students will study common subjects and later on, have the option of choosing their pathway in Business or IT.

Business pathway

Students will study courses relevant to their desired degrees in the areas of management and accounting. These courses provide a fundamental understanding of the concepts and principles of how an organisation works, organisational structure and behaviour, market structure and consumer behaviour.

IT pathway

Students will take up Programming Techniques and Introduction to Database Management System. In INTI International College Subang, students will take Advanced Mathematics. These courses are designed to enable an understanding of the technical and humanistic aspects of computing.

The IT pathway is not available in Sabah and KL.

Assessment

Assessment of individual courses in the Foundation Programme consists of two components:

- Continuous coursework (50%)
- Final examination (50%)

The continuous coursework component comprises different assessment tasks such as projects, assignments, laboratory work, presentations, tests, and others as assigned throughout each semester. The final examination is conducted at the end of each semester. The assessments are subject to quality assurance procedures to maintain high standards and ensure fair assessment.
